

DIRECTIONS FOR USE

Add a small quantity of water to a suitable compression sprayer and then add product according to the table below. Add the remainder of the water, close the sprayer securely, shake to mix contents. Pressurise according to the sprayer manufacturer's instructions. One litre of ready-for-use spray treats 20 square metres of surface. Make up spray as required. Do not store spray overnight.

TARGET PEST	RATE	COMMENTS
CRAWLING INSECTS <i>Routine treatment:</i> <i>Heavy infestation:</i>	<i>25ml of Cimetro Super per 5L of water</i> <i>50ml of Cimetro Super per 5L of water</i>	<i>Maintenance or "spot" treatment</i> <i>Attack or "clean-out" treatment</i>
FLYING INSECTS <i>Routine treatment:</i>	<i>25ml of Cimetro Super per 5L of water</i>	<i>For the control of "resting insects"</i>
FLYING & CRAWLING INSECTS <i>Thermal Fogging:</i>	<i>Add 50-100ml Cimetro Super to 200ml of fogging agent plus 500ml of water</i>	<i>350mls of diluted solution to 1000m³</i>

Apply as a coarse low pressure spray. Some surfaces will absorb more spray, e.g. brickwork or concrete, whereas surfaces such as metal or plastic will allow spray to easily 'run off' significantly reducing the deposit rate of the active material on the surface. Several passes of a light spray each allowed to dry is more effective when treating non-porous surfaces.

Bedbugs: Apply spray to harbourages and resting places on bedframes, headboards and to cracks and crevices around or near the sleeping area. Pay special attention to any loose wall coverings near the sleeping area and to cracks and crevices in bedroom fittings and furniture. Treat under loose floor coverings and around door frames, picture frames and wall cupboards etc.

Fleas: Prior to treatment, thoroughly vacuum the area and seal the contents of the vacuum bag before disposal in the refuse. Apply spray to carpets and soft furnishings, including the underside of cushions and to areas regularly occupied by domestic animals.

Cockroaches and other crawling insects: Apply to areas where insects are found, e.g. skirting boards, storage areas, around water pipes, door frames, window frames, around and behind refrigerators, cabinets, sinks, stoves and the underside of drawers and shelves and to cracks and crevices behind wall-mounted units or fixtures.

FOR INDOOR USE ONLY. This material and its container must be disposed of in a safe way. To avoid risks to human health and the environment, comply with the instructions for use. Avoid excessive contamination of coveralls. Contaminated clothing should not be removed from the workplace and should be washed before re-use. WASH HANDS AND EXPOSED SKIN before meals and after use. FACIAL SKIN CONTACT MAY CAUSE TEMPORARY NUMBNESS. DO NOT SPRAY DIRECTLY ONTO HUMANS, PETS, FOOD, FOOD PREPARATION SURFACES OR FOOD UTENSILS. ADDITIONALLY, ANY FOOD UTENSILS OR FOOD PREPARATION SURFACES SHOULD BE THOROUGHLY CLEANED BEFORE REUSE. UNPROTECTED PERSONS AND ANIMALS SHOULD BE KEPT AWAY FROM TREATED AREAS UNTIL SURFACES ARE DRY. EXCLUDE ANIMALS DURING APPLICATION. DO NOT APPLY TO CLOTHING OR HUMAN BEDDING. DO NOT TOUCH TREATED SURFACES UNTIL DRY. HAZARDOUS TO BEES. KEEP IN A SAFE PLACE. COVER ALL WATER STORAGE TANKS before application. REMOVE OR COVER FISH TANKS AND BOWLS before application. SPRAY ONLY ONTO SURFACES.

ANGER

PRECAUTIONS

Do not breathe vapour/spray. Wash contaminated skin thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. IF

SWALLOWED: Call a POISON CENTER 0800 POISON

(0800 764 766) or a doctor if you feel unwell and rinse

mouth. IF **INHALED:** Remove person to fresh air and keep

comfortable for breathing. Get medical advice/attention if

you feel unwell or are concerned. IF **ON SKIN:** Wash with

plenty of soap and water. If irritation or rash occurs, seek

medical attention/advice. Collect spillage. Store in a

well-ventilated place. Keep container tightly closed. Store

locked up. Dispose of contents/container in accordance

with national and regional regulations. This may be via

approved landfill. Harmful if swallowed or inhaled. May

cause an allergic skin reaction. Causes damage to organs

through prolonged or repeated exposure. Very toxic to

aquatic life with long lasting effects. Suspected human or

known or presumed animal reproductive or developmental

toxicant. Very toxic to terrestrial vertebrates. Very toxic to

terrestrial invertebrates. Causes mild skin irritation.

Causes serious eye irritation. Wear eye/face protection

and protective gloves. Obtain special instruction prior to

use. Do not handle until all safety precautions have been

read and understood. IF **ON EYES:** rinse cautiously with

water for several minutes, removing contact lenses if they

are present and it is easy to do so.

KEEP OUT OF REACH OF CHILDREN

International

INSECTICIDE

CIMETROL SUPER EW

Advanced formulation for the control of bedbugs, fleas, cockroaches, beetles, (and their larvae), flies, mosquitoes, moths (and their larvae), and wasps.

FORMULATED FOR TOTAL PEST CONTROL

For indoor use only for all domestic, commercial and industrial premises including kitchens, hotels, dormitories and sleeping areas, hospitals (excluding occupied wards), military establishments, cruise ships and food storage/processing areas.

MPI approved for use in farm dairies

MPI approved for use in dairy processing

Contains

25% w/w cypermethrin

10% w/w tetramethrin

20% w/w piperonyl butoxide

1% w/w pyriproxyfen
